

Wellers Hill State School

School review conducted 26 to 28 July 2022

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ Leaders drive a strong improvement agenda.
- ✓ A strong and robust, collaborative and collegial culture.
- ✓ Data underpins school improvement.
- ✓ A strong focus on wellbeing for staff and students.

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Collaboratively identify and implement high-yield pedagogical approaches, targeted to specific teaching and learning sequences, and aligned to learning area content and assessments.
- ➔ Strengthen staff knowledge, understanding and application of the Australian Curriculum, including general capabilities and cross-curriculum priorities, to support students' engagement in higher order thinking, and critical and creative thinking activities.
- ➔ Collaboratively develop teachers' capabilities in identifying and implementing high-impact teaching strategies linked to student engagement across the curriculum.
- ➔ Deepen teacher capability, knowledge and application of a variety of differentiation strategies that support their judgement when providing opportunities to differentiate for the full range of students, including highly capable students.
